LinkedIn: https://www.linkedin.com/in/rory-eddleston-5a5001a1/

Summary

Front-end developer with 3.5 years' commercial experience across React, React Native, e-learning platforms and client-facing web projects. Recently focused on modern React, TypeScript, Next.js and full-stack portfolio work, with a strong eye for responsive UI, accessibility, performance and maintainable component architecture.

Technical Skills

Core: React, TypeScript, Next.js, React Native

Styling & Animation: CSS, Tailwind, GSAP, Framer Motion

Backend, API's & Databases: Node.js, REST APIs, Firebase, Supabase

Testing: Jest, React Testing Library, Vitest

Tools & Platforms: Git/GitHub, Auth0, Sanity CMS, Figma, Photoshop

Employment History

Front-end developer (Freelance contract) – Sofa Club, Hertford
Aug 2025 – March 2026

- Revamped backend UI for Sofa Club, improving usability, layout clarity, and reducing friction in day-to-day operations.

Career Break, Freelance Work & Modern Front-end Upskilling
Jan 2025 – July 2025

- Took a planned career break after 3.5 years in agency work to travel, complete freelance projects, and deepen skills in TypeScript, Next.js, testing, accessibility and full-stack React development.
- Built an accessible charity website supporting parents of children with autism, prioritising clear navigation and usability for non-technical users.

Front-end developer - Ignition, Hatfield Heath
Jun 2021 – Dec 2024

- Led development and maintenance of a React Native app used by internal teams and clients; resolved legacy bugs and optimised performance, resulting in a 25% improvement in load times.
- Designed and built a reusable React component library adopted across 10+ projects, reducing development time and improving UI consistency across client work.

- Built accessible, responsive e-learning applications in React, ensuring WCAG compliance and cross-device compatibility.
- Took ownership of frontend decisions across multiple long-running client projects, from scoping through to delivery.
- Collaborated closely with designers and project managers in a small agency team, delivering across a varied range of client projects.

Data analyst - Credit Benchmark, London
Sep 2018 – Jan 2021

- Wrote SQL queries and R scripts for internal reporting and external client analysis.
- Led bespoke data investigations with a strong emphasis on data quality and accuracy.

Volunteer English Teacher - Trishuli Rafting, Nepal
Nov 2017 – Jan 2018

- Taught English to mixed-ability groups, including children with no prior formal education.

Projects

Pokémon Portfolio Price Tracker | Next.js, React/TypeScript, REST API's, Prisma, Tailwind

A full-stack dashboard for tracking Pokémon card holdings, purchase prices and real-time estimated values - built to replace manually checking multiple marketplaces.

- Designed typed API routes, Prisma models and reusable UI components for portfolio tables, valuation cards and price charts.
- Added responsive layouts, loading, empty and error states, and accessible form patterns throughout.
- Integrated and normalised data from multiple REST APIs into a single, consistent interface.

Life OS - Personal Development Tracker | Next.js, Supabase, TypeScript, Auth0

- Implemented dynamic data visualisation for habits, streaks and progress over time.
- Integrated secure authentication via Auth0 and a Supabase backend for structured, efficient data storage.
- Designed with long-term usability in mind, focusing on clarity and reducing daily friction.

Education

BSc Accounting & Finance - Swansea University
Sep 2013 – Aug 2016

- Completed modules in Management Accounting, Financial Accounting, Investment Banking, Entrepreneurship and SAGE.

Ashmole School, Southgate, London

- A-levels in Maths, Biology and Economics.
